FLOOR PROTECTION

THREADED FELT PADS

TUBING FELT PADS

Threaded Felt Pads

IEC's *threaded felt pads* and *wood screw felt pads* provide floor protection and reduce noise. The threaded stud allows for leveling adjustment to reduce table and chair wobble. Standard thread length is 1.0 inch. For wood legs that are not threaded, use IEC's threaded insert "T-nuts" or propeller nuts. Thread length is 1" (25mm) for metric felt pads.
